THE UNIVERSITY OF ZAMBIA
HUMANITIES AND SOCIALSCIENCES RESEARCH ETHICS COMMITTEE

REF NUMBER: NASREC: 2026-JAN: 030

PROGRAMME: MA

PROJECT: LOCAL

STUDY TITLE: A COMPARATIVE STUDY OF CLOUD SERVICE MODELS IN CLOUD COMPUTING: A CASE STUDY OF ZAMBIA

PRINCIPAL INVESTIGATOR (PI): ALINASE NYIRENDA

OTHER INVESTIGATORS: NIL

SUPERVISOR: DR. SIMON TEMBO

CO-SUPERVISOR: N/A

1. **TITLE (Is it clear?)**
   Are there ethical issues ❑Yes ☒No

Clear.

2. **STATEMENT OF PROBLEM (Is the problem clear / Has it come out?)**
   Are there ethical issues? ❑Yes ☒No

Clear with gaps stated

3. **PURPOSE OF THE STUDY (Is it clear?)**
   Are there ethical issues? ❑Yes ☒No

clear

4. **SPECIFIC OBJECTIVES (Are they clear?)**

Are there ethical issues? ❑Yes ☒No

All the three objectives are double barrelled. There is need to adjust to a single action word.

5. **RESEARCH QUESTIONS (Are they clear?)**
   Are there ethical issues? ❑Yes ☒No

Though the questions align with the objectives, they need to be adjusted too, so they align with the revised objectives.

6. **SIGNIFICANCE OF THE STUDY (Is it clear?)**
   Are there ethical issues? ❑Yes ☒No

Clear

7. **LITERATURE REVIEW (Has there been a critical analysis to help establish the gap, to help show the value addition of the current study?)**
   Are there ethical issues? ❑Yes ☒No

Not adequate and presented in note form.

8. **METHODOLOGY**

   (i) Research Design (Is it clear?)

   Are there ethical issues? ❑Yes ☒No

Not clear. outlined in note form.

(ii) Sample and sampling procedure (Is the scientific rigour being followed?)

Are there ethical issues? ❑Yes ☒No

Not clear, thus scientific rigour not followed.

(iii) Data collection procedure (Are they being followed without defaulting on the ethics?)

Are there ethical issues? ❑Yes ☒No

Not clear, presented in note form

(iv) Data analysis (Is it acceptable?)

Are there ethical issues? ❑Yes ☒No

Not clear, thus, not accepted

9. RESEARCH INSTRUMENTS (Are they in line with the design and research methods?)

Are there ethical issues? ❑Yes ☒No

Clear, though listed in note form

10. ETHICAL CONSDERATIONS (Have all the ethical considerations been followed so that all the participants are protected?)

Are there ethical issues? ❑Yes ☒No

The main elements of ethical research conduct not quite observed

11. VERDICT

What is the verdict for this study?

Approved❑ Approved subject to corrections☒ Rejected ❑

Please give reasons for your verdict

- The protocol has not adequately covered key aspects that need clear presentation and explanation.
- The research may benefit from revising, the objectives, literature review, and methodology as suggested above.
-
